Allergies

Tell us about any allergies when you order — our kitchen handles nuts, dairy, gluten, shellfish and eggs, so we can't promise an allergen-free dish.

Please tell us about: milk · eggs · wheat · soy · peanuts · tree nuts · sesame · fish · shellfish — or anything else you avoid.

Diet marks reflect how each dish is usually made and are pending kitchen confirmation. Spice levels are our estimates of each dish as usually made. Many dishes can be ordered mild, medium or spicy, so just ask.
